Six World Indoor Championships medals to be reallocated in Birmingham

28/02/2018

Six World Indoor Championships medals will be reallocated during ceremonies at the **IAAF World Indoor Championships Birmingham 2018** on Friday and Saturday 2-3 March. These upgrades follow the disqualification of the results of the original medallists after their sanction for anti-doping rule violations.

Among those receiving their reallocated medals is Tianna Bartoletta of the USA, who was promoted to gold in the long jump for the 2006 World Indoor Championships in Moscow. Her ceremony, which will include a flag raising and national anthem, will take place in Arena Birmingham at the start of the evening session on Saturday 3 March.

In total, six athletes from across five events at three previous editions of the IAAF World Indoor Championships have accepted invitations to receive their reallocated medals in Birmingham.

“After the very positive feedback at the beginning of the new reallocation process last August in London, we are delighted to continue to honour the athletes for their achievements,” said IAAF President Sebastian Coe. “And what better way than in front of full arena of passionate athletics fans at a major championships.”

## IAAF World Indoor Championships medal reallocation ceremonies in Birmingham:

### Friday 2 March

#### **Shot put men - Moscow 2006**

- Joachim Olsen, DEN, promoted from bronze to silver

Time slot: 17:44
