The National Director of Epidemiology of the Cuban Ministry of Public Health, Dr. Francisco Duran, reported that there were 4 new cases detected of COVID-19, for a total of 2,309 positive cases across the island.

During his daily press briefing held Saturday morning, Dr. Duran said that over the past 24 hours -- up to 12 midnight Friday night -- fortunately, no patients died from the coronavirus. A total of 85 patients have died in Cuba over the past several months.

To date, 2,071 patients have recovered -- with 34 patients released from hospitalization during the day on Friday.
