
Cuban Baseball Federation Will Address MLB Agreement with Players

27/12/2018

Havana, Dec 27 (Prensa Latina) The Cuban Baseball Federation announced on Thursday it will hold a series of meetings in several provinces of the country to explain to the players the letter and content of the agreement signed several days ago with the Major Leagues of the United States.

In a press release made public this Thursday, the FCB reports that 'during December 27, 28 and 29, it will hold regional work meetings with the players participating in the 58th National Series and their immediate reserve.'

The baseball entity also says that 'the objective of the planned meetings in Havana, Santa Clara and Santiago de Cuba will be to explain the content of the agreement signed with the Major League Baseball on December 19'.

In these meetings, says the FCB, 'the characteristics of the contracts that national players will sign with our Commission in a prudential time' will be addressed.

These working meetings will be chaired by Higinio Velez, head of the FCB for more than a decade.
