
GOLD AND PAN AMERICAN RECORD FOR MEXICO IN TEAM SPEED CYCLING

03/08/2019

The fifteenth gold medal for the Mexican delegation took time, but it arrived on the cycling track. The Mexican team set a new Pan American record in the women's team speed test.

Jessica Salazar and Luz Daniela Gaxiola defeated Canadians Amelia Walsh and Marie Mitchell in the Final for the gold medal by flying over the track at more than 53 kilometers per hour and recording a time of 33,424 seconds, which left no options at from Canada, which closed with 34,096 seconds.

In this way the Mexicans made a place in the history of the Pan-Americans with their registration, which is still far from the world record, which belongs to China since February 2015 with a time of 32,034.

In the fight for bronze, Colombians Juliana Rendón and Martha Bayón defeated the Argentine couple and escorted the Mexicans on the awards podium. (sopitas.com)
